PROFESSIONAL EXPERIENCE

ACCENTURE PHILIPPINES

Advanced Application / Cloud Support & Engineering Specialist / Team Lead | Mar 2017 – Jun 2026

- Supported Microsoft 365 for Business as a Partner Ambassador, covering Exchange Online, SharePoint Online, OneDrive for Business, migrations, billing, Admin Center, and Office application issues.
- Google Workspace using Gmail, Calendar, Sheets, Docs, Slides, Meet, Contacts, Forms, Chat, etc.
- Provided Level 2 technical support and collaborated with escalation engineers and clients to improve case handling and customer satisfaction.
- Developed and executed PowerShell scripts to remediate issues and automate repeatable tasks not available through the administration portal.
- Served as Subject Matter Expert, providing coaching, case reviews, documentation guidance, onboarding support, and small-group training.
- Served as Service Quality Monitor, performing ticket scrubs, analyzing DSAT drivers, supporting compliance, and recommending corrective actions.
- Conducted Voice of the Customer and Voice of the Process analyses and participated in weekly case reviews and case wellness sessions.
- Performed interim Reports Analyst, Queue Manager, and upfront workload-distribution responsibilities, balancing workloads and maintaining operational coverage.
- Authored an online guide for equitable and timely case distribution to support operational continuity.

INGRAM MICRO PHILIPPINES

L2 Service Desk / VPS Support – Softcom | Mar 2016 – Feb 2017

- Provided Level 2 Service Desk support for resellers on Microsoft 365 and other cloud products.
- Troubleshoot VPS-related issues, documented technical findings, and escalated cases when required.
- Supported accurate troubleshooting documentation and timely case handling.

CONVERGYS PHILIPPINES (formerly Datacom)

Technical Support Engineer – SME, Microsoft Answer Desk | May 2010 – Mar 2016

- Provided technical support for Microsoft products and services through the Microsoft Answer Desk.
- Troubleshoot Windows operating system issues, including system-level problems, software issues, and common user-impacting errors.
- Performed Windows troubleshooting and virus/malware removal as part of technical support activities.
- Served as SME, providing internal coaching, troubleshooting guidance, and knowledge support to other technical support engineers.

SYKES ASIA, INC.

Technical Support Engineer – Microsoft Business Solutions / NAV | Nov 2005 – Apr 2010

- Provided technical support for Microsoft Business Solutions – Dynamics NAV.
- Troubleshoot Windows operating system issues and assisted customers with system and software-related problems.
- Supported xDSL provisioning and maintenance and performed technical troubleshooting related to connectivity and system operation.
- Provided system maintenance and technical assistance to customers and users.
